An alternative way to sign up is through accessing a course without prior logging in!

Is this your first time here?

Hi! For full access to courses you'll need to take a minute to create a new account for yourself on this web site. Each of the individual courses may also have a one-time "enrolment key", which you won't need until later. Here are the steps:

1. Fill out the New Account form with your details.
2. An email will be immediately sent to your email address.
3. Read your email, and click on the web link it contains.
4. Your account will be confirmed and you will be logged in.
5. Now, select the course you want to participate in.
6. If you are prompted for an "enrolment key" - use the one that your teacher has given you. This will "enrol" you in the course.
7. You can now access the full course. From now on you will only need to enter your personal username and password (in the form on this page) to log in and access any course you have enrolled in.

Signing in

Signing in with your pre-made account details can be achieved using many different methods throughout the Moodle site.

1. **From the homepage** – This box is readily available on the right hand side.

Tip:
Forgotten your password?
Click '[Lost password!](#)'
Can't remember your
username? No problem!
Use your email address!

2. **From any page** – This bar is permanently positioned at the very top of your browser, no matter where you are within Moodle - simply click 'Log in'.

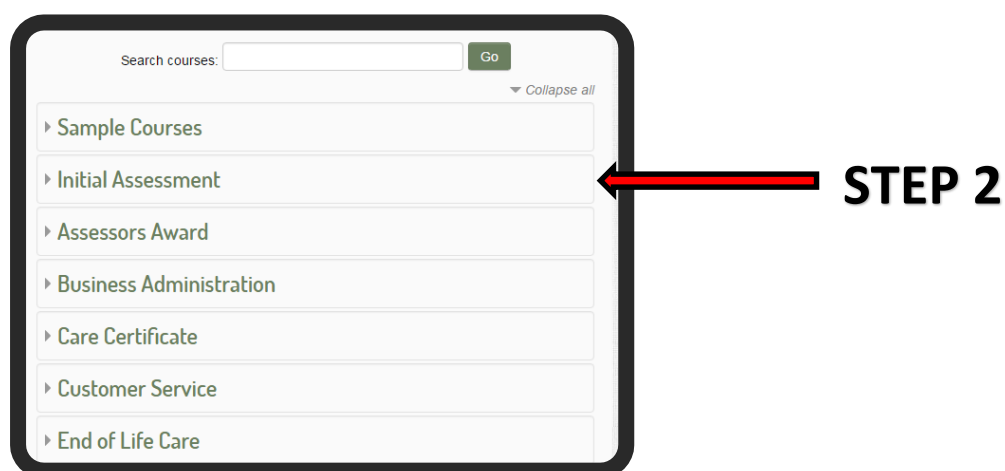

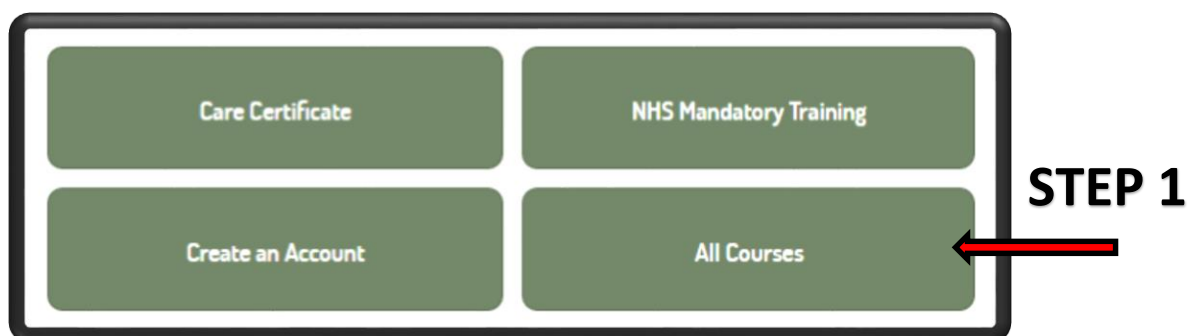

3. **From a course** – When you attempt to access a course without already being logged in, you will be promoted to do so before being permitted to continue.

Finding a course

Finding courses can be achieved in a couple of different ways; the first is simplest – using the box on the homepage, click ‘All Courses’ (**STEP 1**) and follow the course you intend to take (**STEP 2**).

Note: This will likely change as more courses get added.

If you know the name of the course you are looking for, you can type it into the search box provided on most pages throughout Moodle.

Accessing a course

There are a variety of ways to access courses ranging from enrolment keys to one-off payments. If you are undertaking a class-based course (or if your course costs are being covered externally) it is likely you will be issued an enrolment key. After you have selected your course (**STEP 1**) will be presented with enrolment options.

STEP 1

NHS Mandatory Training

The aim of this course is to refresh existing health care professionals with their professional development.

Enrolment costs only £20 and will last for a full year (12 months) from the day of payment. Your certificate will be made available for download/printing upon successful completion of all quizzes (see video inside for guide).

Each unit is worth 4 CPD credits.

This course requires a payment for entry.

Starting a course

Starting from the Introduction to each course/ unit (**STEP 1**), work your way through all the documentation within each section; downloading and reading and completing the activities provided (if applicable). Once this is complete, you can proceed with the rest of the course using either of the methods below (**STEP 2**).

Completing assignments

When you click on an activity it may ask if you would like to open it or save it. Choose 'save' and ensure you save it somewhere that you can find later. A good example would be to create a new folder on your desktop named 'Care Certificate' if this happens to be the course you are undertaking.

Tip: Do this by right-clicking on your desktop:

Once you have opened & saved an activity, open it from where you saved it and answer any questions within the document. Some courses will have a workbook, these contain important information to assist you with the activity book – it is recommended you save these in the same folder!

Activity 1 - 'Let's talk about death'

Assessment Method: Written tasks and research

Assessment Type: Knowledge

Download and complete the 'Activity' workbook below. Submit the completed workbook by clicking the 'submission' link and follow the instructions.

Out of the 10 factors you have written down, what do you think are the 4 main factors that affect people's views and why?

1. Answer 1
- 2.
- 3.
- 4.

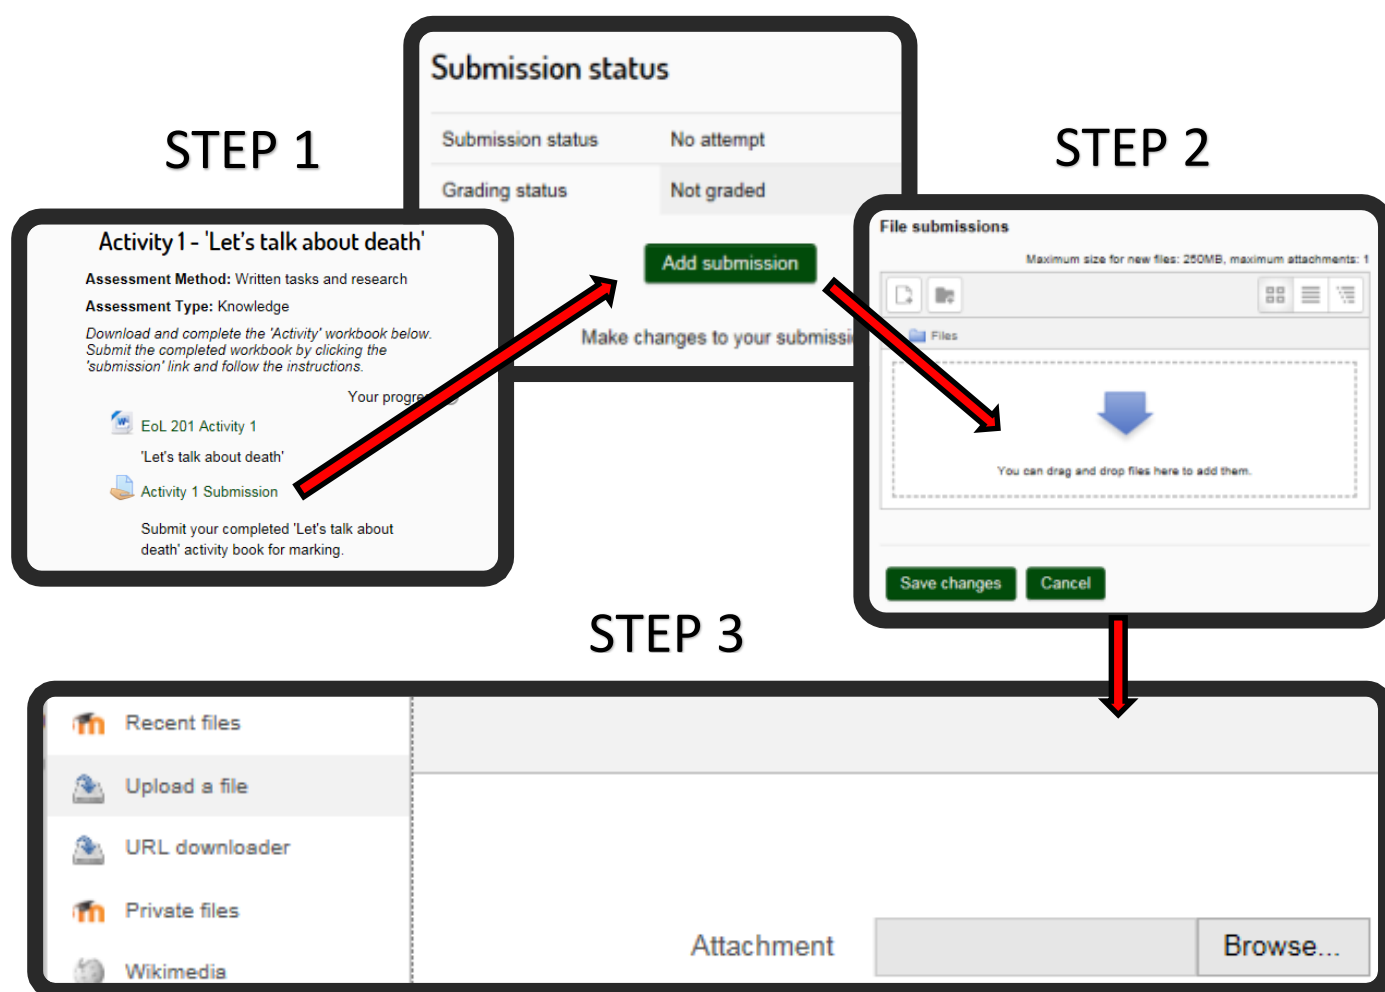

When you have completed your assignment, make sure to save it!

Submitting assignments

When you have finished an activity book, you can submit it digitally using the 'Activity Submission' button beneath the Activity you have completed. Selecting this will give you the opportunity to 'Add Submission' (**STEP 1**).

After clicking this, you will be presented with a box in which you can add your completed file (**STEP 2**). There are **two** ways to achieve this:

1. Click the blue arrow and select 'Upload a file' from the new menu (**STEP 3**).
2. Simply drag-and-drop the completed file onto the blue arrow (**STEP 2**).

Completing a quiz

Some courses will require you to complete a quiz (test). Undertaking these tests is simple and usually means grading is instant, depending on the content. In some courses, completion of a quiz will trigger the unlock a certificate which you can retrieve. Select the quiz you wish to undertake (**STEP 1**) and select 'Attempt quiz now' (**STEP 2**) to get started.

Test:

SOVA & SOCA Level 2 : Quiz

Certificate: You do not need this if you are undertaking the *entire* course, only if you are undertaking a smaller selection of Units.

Congratulations, you have passed the test.

Re-attempt quiz

Once a quiz is completed you may be able to review your results (depending on the course) in order to see what you got right and wrong. Some quizzes may allow you to attempt them multiple times in order to reach the grade you require.

Checking your grades

After you have completed every part/ unit/ section within your chosen course, you're done!
It is now up to your assessor to mark the work (excluding most quizzes).

When you have submitted a piece of work, you will be presented with a 'Submission Status' screen. You can access this any time from the relevant 'Activity Submission' link you used to submit the work originally.

The status will update once an assessor has graded it (see below).

Certificates

Certificates will be issued to you upon successful and satisfactory completion of a course. It will be issued by your tutor/ assessor in most cases and can be delivered in different ways depending on the circumstances – email, post, or physically awarded to you on the premises.

Some courses may take longer than others to process (especially the certificates from external awarding bodies), but if you feel it has been too long please feel free to contact your tutor/ assessor to request an update.
